General Manager's No. 0- 783
Ass't Gen'l Mgr's No. E&R-1608
No. _____

Authority for Expenditure of \$ 1032.00 is requested for purpose of installing temporary
portable bunkhouse facilities to property at Modesto, California.
(Station or Location)

Description of project:

Add section to present tent type bunk house 12'10" x 22'10" and
build one 9' x 40' winter bunk house.

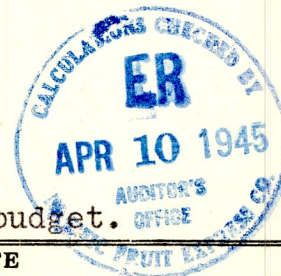

Recommendations:

Local labor is exhausted, necessitating our shipping in Mexican
Nationals to perform our operations. No outside facilities are available
for housing these men, making it necessary for us to furnish living
quarters.

In 1944 we housed a peak of 34 men in 5 summer type houses holding
6 men each and 1 house holding 4 men.

Due to absenteeism at Modesto icing was delayed on occasions,
resulting in train delays. To handle additional icing and have replace-
ments for men off duty propose to have a crew of 48 men during the peak
of 1945. To accommodate the additional 14 men propose to install addi-
tional winter type bunkhouse for 8 men and construct an addition on one
of the present houses for accommodation of 6 men.

As facilities probably will not be required after the duration
charges are properly applicable to operating as shown.

Not included in 1945 budget.
